

Anglican Church of St Heliers

St Philip's is committed to promoting a culture of health, safety and wellbeing and working together with all those who come onto St Philip's site including, but not limited to, clergy, employees, volunteers, contractors and people who access and use our church facility and visitors.

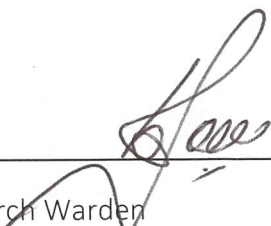

We aim to remove or reduce the risks to the health, safety and welfare for all who come into or use the facilities at St Philip's and who participate in our ministries, programmes, events and activities.

We will take all practicable steps to ensure everyone complies with all relevant legislation, standards and codes of practice and relevant parish procedures related to health, safety and wellbeing.

This policy is supported by policies, procedure and guidelines laid out in the St Philip's Health and Safety Manual and is designed to meet our commitment to health, safety and wellbeing.

This policy will be updated every 2 years.

Signed on behalf of the Vestry
